£500,000 Guide Price

Property Description

Located just outside the small Mid Devon village of Newbuildings is a collection of converted traditional barns, stone in construction, and all with an attractive façade. Located on a no through road, each property is unique with different sizes of accommodation and gardens, but all well designed and well finished and there's plenty to remind you of the farm buildings they once were.

This property, also known as The Old Stables, offers the chance to purchase one of the larger dwellings, with 4 bedrooms and great living spaces, it also has further potential to adjust the layout and even incorporate some additional space if required. Not that it's needed of course. The layout offers a spacious entrance with doors to a large and light living room, complete with wood-burner and doors to the rear garden, there's a separate dining room and a kitchen/breakfast room running front to back. A useful WC is on the ground floor too. From the kitchen is an internal door to the large garage also housing a utility area and there's a very useful room above (see floorplan) which is currently accessed via a ladder but there's a possibility of knocking through on the first floor and incorporating this room into the main house (STP) or can be used as an office. Other potential is to utilise the garage and room above into a self-contained annexe (STP) or just use them as they are. On the first floor are 4 bedrooms, the master with ensuite and the remaining rooms are a good size. The clever use of design in the roof lights/windows allows plenty of light to flood the rooms and also allows views over the garden. A family bathroom is on the first floor too, serving the remaining bedrooms.

Outside, a lawned and fenced level front garden sets it back from the country lane. Driveway parking is found at the front leading to the garage and there's further visitor parking opposite. To the side of the property, an arch leads to

the rear courtyard (this access is understood to be the responsibility of this property) and can be used to access the rear garden without coming through the barn itself. The rear garden is approx. 15m x 8.5m with areas of paving and lawns, planted beds and is fully south facing.

Please see the floorplan for room sizes.
