

93 Switch House East, Battersea Power Station, Circus Road East
London

Fixed Price **£2,150,000**

93 Switch House East, Battersea Power Station

Circus Road East, London

A fantastic duplex residence with two bedrooms and three bathrooms. The flat has a floor area of 1179 square feet. The balcony has an area of 85 square feet. Residents of this gorgeous property have access to a 24-hour concierge, a gym, a sauna, a pool, and business services.

Battersea Power Station is located in the midst of Central London's most forward-thinking and widely awaited new construction. People who live in Battersea have some of the best of London right on their doorstep since it sits on the banks of the Thames and is only a few minutes' walk from Chelsea and Westminster.

The Power Station is a few minute's walk to its own Underground and the river bus pier allowing rapid travel across London. Its position could not be more desirable, being only a mile and a half from Big Ben, twelve minutes from fashionable Sloane Square, and steps from the green areas of Battersea Park.

The Battersea Power Station project covers 42 acres. Apple has already chosen the Power Station as the location for their brand new office headquarters spanning 500,000 Sq ft
