4 Cranworth Mews,, La Vallee Des Vaux

St. Helier, Jersey

Just completed and forming part of an exclusive new development of 12 houses, a 3 storey town house with integral garage and further parking. The development is centred around a “percentage for art” attractive installation.

Finished to a high standard throughout with high quality kitchens and bathrooms and a range of appliances, it is ready to move straight in. All kitchens have American style fridge freezers with ice makers, and a wine fridge as well as an array of integrated appliances. The houses have been designed to be low maintenance but still retaining a good amount of outside space. There are balconies on both sides and a fabulous roof terrace to enjoy the sunshine pretty much all day.

Each house has been over engineered with insulation and has the, not yet compulsory, Jersey energy performance certificate to demonstrate the efficiency. Running costs are proved to be at a minimum and likely to be the equivalent of a one bedroom flat. Electric car chargers are provided within the garages. Exterior paint finishes have a 10 year guarantee from new.

Located on the outskirts of town within walking distance of the town centre, all amenities are within a short stroll. In particular a Waitrose supermarket. Schools and colleges are close by too as well as pleasant green lane walks.

A show house is available to view that is fully furnished.

Available immediately, book your appointment to view by calling Broadlands on 880770.

Living

Fabulous open plan living room kitchen diner. Central fireplace. Extensive range of kitchen units with breakfast bar and quality appliances.
