15 Seafields

Just a few steps from the shoreline, 15 Seafields is a stylish, low-maintenance three-bedroom bungalow offering the best of coastal living. With a south-facing garden and private beach access, this beautifully presented home provides excellent accommodation to suit a range of buyers. In addition, the property is currently run as a successful Airbnb, generating a strong additional income with consistently high occupancy, making it an attractive option for those seeking a coastal home with proven holiday letting potential.

Renovated in 2022 by a well-regarded local developer, the property has been thoughtfully modernised throughout, featuring a practical layout and high-quality finishes. At the heart of the home is a bright, open-plan living space that opens directly onto the private, south-facing garden. Large aluminium bi-fold doors flood the room with natural light, and a versatile and spacious living area is perfect for everyday family life. The kitchen is bespoke, crafted from birch ply with sleek stone worktops, integrated appliances and a built-in dining area, all set against engineered oak flooring that runs throughout the home.

There are three well-proportioned bedrooms, two of which comfortably accommodate king size beds and wardrobes. The bathroom has a luxurious feel, complete with a freestanding bathtub, walk-in shower and underfloor heating for added comfort. A fully boarded loft with lighting provides generous additional storage, easily accessed via a pull-down ladder.

Outside, the walled rear garden is private and fully enclosed, mainly laid to lawn with a patio area and border planting. There is also a convenient outdoor shower to the side, ideal for rinsing off after a swim, surf or dog walk. The garage has been cleverly divided to create a useful home office with power and heating, again finished with engineered oak flooring, and a separate storage area for bikes or beach gear. The driveway offers ample parking as well as a practical EV charger and is neatly finished with contemporary planters, adding to the property's smart kerb appeal.
