

Acadia Owers Way

West Wittering, Chichester

The property would benefit from a programme of modernisation and updating throughout, presenting an excellent opportunity for purchasers to personalise and enhance the accommodation to their own tastes and requirements.

Approached via a long driveway and set back from the road, the bungalow is detached and deceptively spacious. The layout offers flexible accommodation throughout, ideal for family living or those seeking single-level convenience with additional reception space.

On entering the property, you are welcomed into a central hallway which provides access to all principal rooms.

To the rear of the property is a generously sized sitting room, featuring ample space for multiple seating arrangements and a comfortable everyday living environment. This room enjoys good natural light and acts as a central hub of the home.

The kitchen is well positioned and fitted with a range of units providing good storage and preparation space. It also benefits from direct access to the side of the property and connects conveniently to a useful lean-to area, ideal for additional storage, utilities, or garden access.

There is a large conservatory, located off the main living area, which is a bright and airy space providing a second reception room, perfect as a dining area, family room, or relaxing garden room, with views across the rear outdoor space.

The property offers four well-proportioned bedrooms arranged to provide privacy and versatility. The bedrooms can comfortably accommodate family members, guests, or be used as home office spaces depending on individual needs.

The accommodation is completed by a family shower room and a cloakroom, both conveniently positioned off the central hallway to serve all bedrooms and living areas.

Externally, the property enjoys a private rear garden with side access, offering a peaceful outdoor setting. There is a driveway providing off-street parking, along with a detached garage (power connected) offering further parking or storage options.
