**ADDITIONAL INFORMATION**

**Package Treatment Plant**

Prior to the commencement of development, full details of the management and maintenance of the Package Treatment Plant (PTP) must be submitted to and approved by the Local Planning Authority. These details shall include information on how the management and maintenance of the PTP shall be funded. These details shall be binding for either 80 years or for as long as nutrient restrictions apply, whichever is the shorter period. Reason: To ensure the development is Nutrient Neutral in its impacts on the River Eden SAC in line with policy GI3 of the Carlisle District Local Plan 2015-2030.

**Foul Drainage Scheme**

Prior to the occupation of the proposal, the foul drainage scheme shall be constructed and completed in strict accordance with the approved Nutrient Neutrality Mitigation Assessment (ref no. 24-145E001) submitted on 15th March 2024. Upon this completion of the foul drainage scheme, the applicant shall inform the Local Planning Authority. Should the approved Package Treatment Plant require replacement during the 80 year lifetime of the mitigation, this should be replaced with a plant of the same or lesser P load discharge. Reason: To ensure the development is Nutrient Neutral in its impacts on the River Eden SAC in line with the NPPF and policy GI3 of the Carlisle District Local Plan 2015-2030.
